

Chivite

LAS FINCAS
Rosado 2025

"This jewel-like rosé is vibrant and persistent, revealing remarkable character beneath its delicate appearance."

David Gonzalez Winemaker

Rosé inspired by the Provençal style, made from Garnacha and Tempranillo. Mineral, creamy, and exuberant with red fruit, rose petals, and citrus freshness.

DESCRIPTION

Chivite Las Fincas range comes from selected vineyards in Navarra, blending the Atlantic-continental climate with 375 years of winemaking tradition. This range merges the skill of our vinegrowers with the creativity of our winemaker, producing innovative and avant-garde wines. This Rosé, introduced in 2015, redefines the category in Spain with its fresh, precise acidity and a palette of fruit flavors, enriched with delicate floral notes and aromas of stone fruits and red berries. Notable for its gastronomic versatility, its pale hue and rich aromatic intensity defy expectations, delivering a vibrant taste experience from the first sip.

WINEMAKING

Only a precise extraction of the grape must upon arrival at the winery, together with carefully controlled skin contact, ensures that we obtain the noblest part of the fruit: the very heart of the berry. After low-temperature fermentation and ageing on fine lees, the result is a complex, elegant, and silky wine.

INFORMATION

- **Type of wine:** Young rosé wine
- **Region/D.O.:** IGP 3 Riberas
- **Varieties:** Garnacha and tempranillo
- **Climate:** Atlantic - Continental
